PHYSIOTHERAPY

ORTHOPAEDIC MANUAL THERAPY AND SPORT REHABILITATION

July 13, 2017

Dear Valued Client,

We at Adelaide West Physiotherapy (AWP) are pleased to have provided you with physiotherapy and massage therapy services in the past and/or currently. We would be pleased to do the same in the future, should the need arise.

This note is to advise you that Shannon Littlejohn, has decided to move on from our clinic after her maternity leave, and so will no longer be able to see you here. Our other Physiotherapists, will be available to continue your treatment if you desire.

All the therapists at AWP are of the highest caliber of practice, should you wish one of us to serve you in the future.

Of course we understand that you may wish to continue to be treated by Shannon. Once we receive Shannon's new practice location we would be happy to share the particulars if you wish.

Sincerely

Kate Gladney
